

# Heage Windmill

Heage Windmill is the only six sailed stone tower windmill in England. Situated in beautiful countryside it is the last windmill in Derbyshire producing traditional stone ground flour.

Maintained and operated by volunteers, the windmill opens to the public at weekends and Bank Holiday Mondays from the beginning of April until the end of October.

## BECOME A FRIEND OF HEAGE WINDMILL

For over twenty years Heage Windmill has been producing stone ground flour of the highest quality, as used and indeed recommended by The Hairy Bikers.

The 2023 membership of the Friends of Heage Windmill begins at the beginning of April and is valid for one year.

I hope that you will continue your friendship of the mill by renewing your Friends Membership, or that you will **take out a Friends Membership if you are new to the mill.**

Our quarterly journal Grist will continue to appear and your membership entitles you to this publication and other information, and of course you will be able to take advantage of free tours as often as you wish.
